

AERO KIT

A BESPOKE CATALOGUE BY TECH 9
WITH PRICES INCLUDING VAT,
FITTING AND PAINT.

Front Spoiler

Exciting, sporty and markedly elegant – the front spoiler projects a sporting statement and visual impact to the frontal profile of the Macan. Two versions available for Diesel / S and Turbo models.

Price: £2295

22" TECHART Formula Alloys

Distinctive TECHART styling, exclusively manufactured to the highest TECHART quality standards. Needless to say, all TECHART wheels are available in individually matched custom colours. Options include colour coding, body colours, contrast lip and four different styling options.

Price: From £3995 (set with tyres)

Custom Colour Brake Calipers

Tech 9 can customize your brake calipers to suit the outer lip of a Formula Wheel. The custom colour brake calipers create an opportunity to express your personality and offer a sportier look as well as complementing your chosen alloys.

Price: From £895

Side Skirts

Fitting side skirt panels underline the elegant and sporty look of the SUV when viewed from the side. TECHART original equipment quality: only high-quality polyurethane RIM is used for all exterior components of the aerodynamic kit.

Price: £1895

Roof Spoiler

This part offers the Macan an improved dynamic profile when viewed from the rear, we have an option for the wing element in Carbon. Price shown is for painted version.

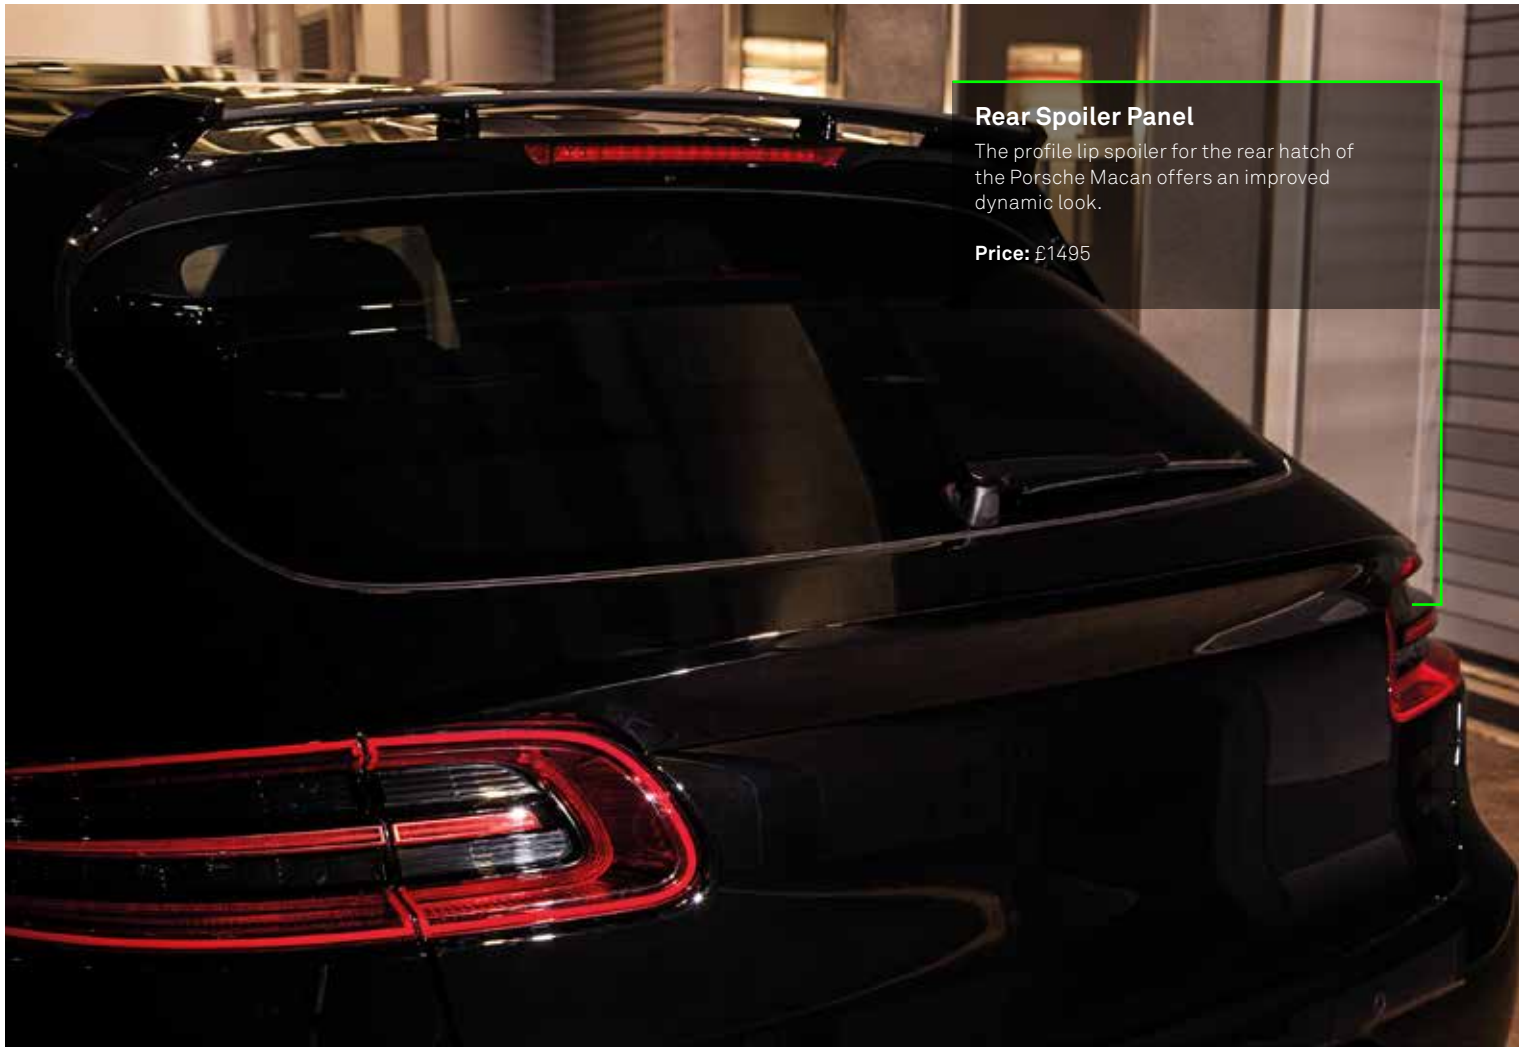

Price: £1685

Rear diffuser Panel

Matching front spoiler I, the rear lower diffuser panel consists of the complete lower section with the integrated diffuser. Creates a more physical presence at the rear.

Price: £2195
